

WSCU
'Spend & Save' Disclosure

Requirements: Must have one of the following draft accounts.

- Regular Checking
- Member Choice Checking
- 2nd Chance Checking

How it Works: Allows a qualifying member to round up a debit transaction to the nearest dollar and have the rounded amount deposited into a savings account. Each debit card transaction will be rounded to the nearest \$1.00 at the end of each working day. (For example: A \$4.69 purchase hits your account that day, at the end of the day \$0.31 will move out of your draft account to a designated savings account)

Funds Available: The 'Spend and Save' program runs at the end of every work day rounding your purchases to the nearest \$1.00. If you don't have sufficient funds the rounding will not take place.

Termination: We have the right to revoke access at any time. You can request to stop the rounding at any time by contacting us.

Recurring Rounding Purchase:

From Account # _____ Suffix _____
